

# Alongside with Love

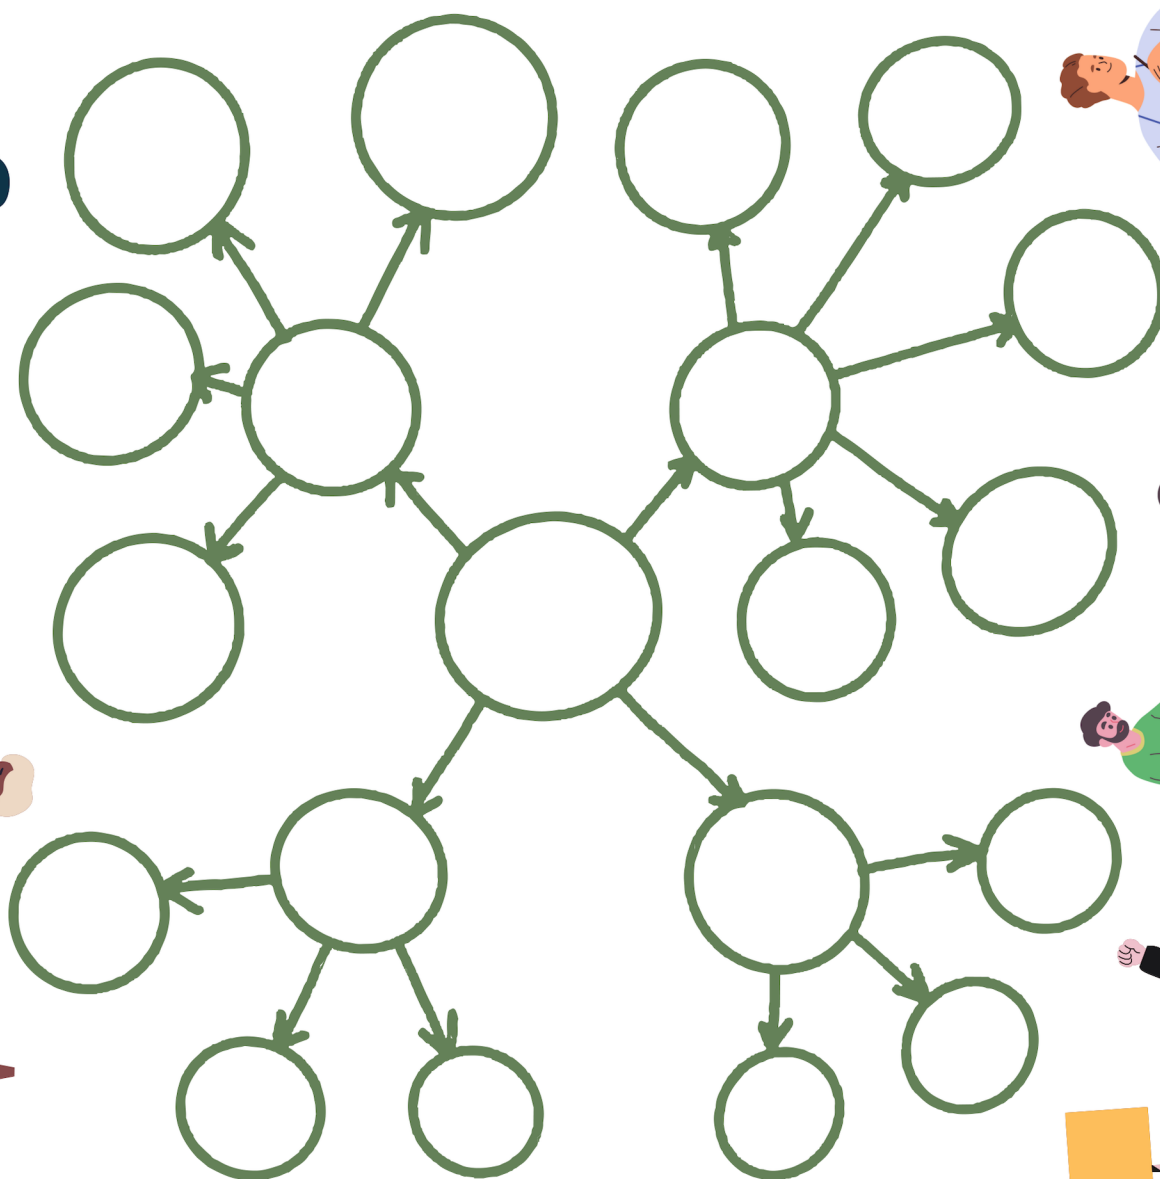

Use this mindmap to help you identify the various people.

*How can you come alongside them in love?*

Write your name in the middle, then in each of the four circles connected to the middle circle, write places you go or communities you are a part of (i.e. school, sports club ect.)

Then, in the outer circles, write the names of people you encounter there.

Pray for God to show you how He is working in the lives of the people you encounter. Ask Him to help you come alongside them, sharing His love in relevant and real ways.

*Ways you can come alongside in love:*

befriend them / advocate for them / practically care for them / give them a gift  
write them a note of encouragement / cook them something / offer support  
Introduce them to others / pray for them / listen to them

How else can you come alongside in love?
